Hi! My name is Corbyn Hendrix, I am a Broken Arrow graduate currently enrolled for TCC in hopes of becoming part of their ultrasound tech program. This is my first year as a STEM teacher; I have worked in the afternoon kidsfit and camps since 2022. I love seeing the smiles on every kiddo's face as they come into school and sharing the word of God with them. When not at KIM I love to thrift and go antiquing, as well as anything to do with nails or curly hair. I am beyond excited to have this opportunity to teach this year!
