

ABOUT ME

Ms. Melanie

I joined the Kids in Motion Academy & SSB Kids family in 2017.

Working in the school environment has become my passion!

Since I started here, I have been a substitute teacher, billing specialist, office manager and now operations manager and I love my job! The students, parents and staff all make this place so special and I feel truly blessed to work here!

I have three children who also attended school & camps here, which helped them excel socially & academically once they moved on! My kids & I love spending time outdoors, especially on the lake or at a water park.

Please reach out to me with any billing issues, questions about our programs, or for any other need!

I am looking forward to getting to know your amazing kids this year!
